GUIDE TO USING WELL-BEING VENDORS FOR ONSITE SERVICES

VENDOR CONTACT INFORMATION

The vendors listed in this resource guide all contract directly with Independence to provide approved well-being services.

VENDOR SELECTION CHECKLIST

Selecting a vendor to fit your needs can be a challenge if you have never done it before. Vendors should be able to guide you effectively in this process. Based on our years of working with many vendors, we have compiled a checklist of questions to ask vendors when deciding which vendor is best suited to meet your needs.

☑ What services do you offer?
☑ How much time is required to plan a successful event with adequate participation?
☑ Do you provide an online appointment scheduler? If not, how are walk-ins handled?
☑ Will you expect a final headcount or a guaranteed minimum number of participants? Are there penalties for adjusting the final headcount?
☑ What are the qualifications of the personnel and/or technicians that will be staffing the event?
☑ Will aggregate reporting be provided afterwards?
☑ What are the spacing and/or logistical requirements? Are privacy screens included with the cost?
☑ What is the pricing structure? Are their minimum requirements and/or additional costs? What is the cancellation policy?
☑ Do you require a signed agreement?

REQUEST AN ESTIMATE

We recommend that you contact vendors to request an estimate on services. Pricing structure differs from vendor to vendor and other miscellaneous costs may apply depending on the details of your event and the vendor you select. Additional fees may include:

- Minimum participation requirements
- Additional tech fees
- Hourly rates or minimum hour requirements
- Hazardous material removal
- Travel fees
- Set-up/break-down fees
- Online scheduling fee
